

Gordon Hardaway, DVM

A native of Leesburg, Florida, Gordon attended Auburn University and The University of Florida's College of Veterinary Medicine, graduating in 1982. Gordon spent the summers in the late 70s working in Yellowstone National Park. It was the summer of '79 in YNP when he met the love of his life, Julia. They married in 1983 and have never left Gallatin Valley. Gordon and Julia started Hardaway Veterinary Hospital at its current location in Belgrade in 1991. Aside from having a busy veterinary practice lifestyle, Gordon has served on the Board of Directors for the Gallatin Valley Humane Society (the predecessor of HOV), the Belgrade Baseball Board, the Agricultural Animal Care and Use Committee at MSU. He was the founding owner/member of the PETS Veterinary Emergency Hospital, and currently serves on the admissions committee for the WIMU Veterinary cooperative program at MSU/WSU. He has also coached baseball for many years and is active in church leadership. When not working, Gordon might be found in the back country on horseback, hunting, skiing, hiking, or spending time with his family (Kiser, Hope and Jared), friends and – of course – dogs, many dogs.
