

Brad Ludford

Brad took the scenic route to Bozeman: born in Washington, raised in Texas, and spending most of his adult life in Colorado before he and his wife, Cheryl, finally found their forever home in Montana.

Brad and Cheryl have two children — Kate, who lives in Denver, and Kyle, who lives in Missoula — and they have fully embraced the many “-ings” Bozeman has to offer: hiking, biking, fishing, skiing, and walking their beloved HOV foster fail, Cassie.

By day, Brad serves as Chief Financial Officer of Bozeman Health, where he supports financial management, treasury services, investment technology, materials management, health information management, and clinical coding. Before joining Bozeman Health, he spent many years in similar health system leadership roles in the Denver area. Brad holds an MBA from the University of Denver and a BBA from Stephen F. Austin State University in Texas.
