

Laura Jermyn

Laura is a Montana native who hails from Billings, MT. She earned her BS from Concordia College in Moorhead, MN in 2011 with a major in Mathematics Education and a minor in Spanish. Laura started her post-collegiate life teaching High School Mathematics and Spanish and then dipped her toes into the Property Management world where she became a Property Manager/Trainer for a privately owned Property Management Company, and then a Corporate Trainer for a Property Management Software Company. These roles brought Laura to live in many different states throughout the US, but eventually Laura found her way back to Montana where she is now a Senior Manager at one of the largest insurance software companies in North America.

Laura currently lives in Bozeman with her husband (Casey), dog (Tanna), and three cats (Reno, Iris, and Maximus). When Laura is not working, you will find her being active in one way or another. Laura loves to run with her dog and volunteer at different running events in/around town, she spends her winters playing city league basketball, and she likes to play outdoor coed soccer in the summers. To top off her very active lifestyle, Laura is a Hot Pilates Instructor at Bend Beyond, the local hot yoga studio in downtown Bozeman.
